introduce **ABOUT ME**

Hello! My name is Dua Imam and I enjoy creating things that live on the internet. My interest in web development started in 2018 when I decided to try editing custom themes — custom button taught me a lot about HTML & CSS!

```
if ($window.scrollTop() > header1_initialDistance) {  
    header1.css('padding-top', '' + $window.scrollTop() + 'px');  
}  
} else {  
    header1.css('padding-top', '' + header1_initialPadding + 'px');  
  
if ($window.scrollTop() > header2_initialDistance) {  
    header2.css('padding-top', '' + $window.scrollTop() - header2_initialPadding + 'px');  
}  
} else {  
    header2.css('padding-top', '' + header2_initialPadding + 'px');  
}
```

**Here are a few technologies
I've been working with
recently:**

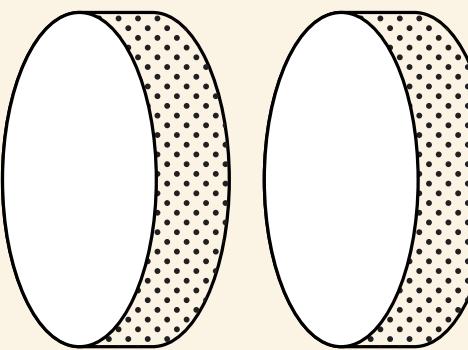

FAST

Fast load times and lag free interaction, my highest priority.

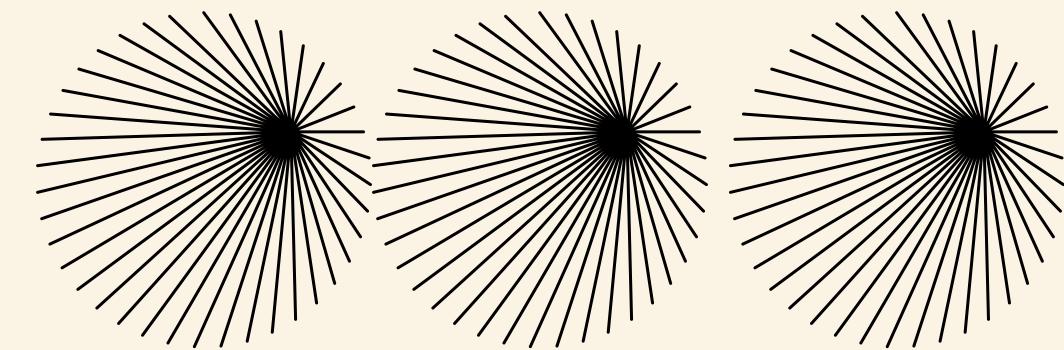

RESPONSIVE

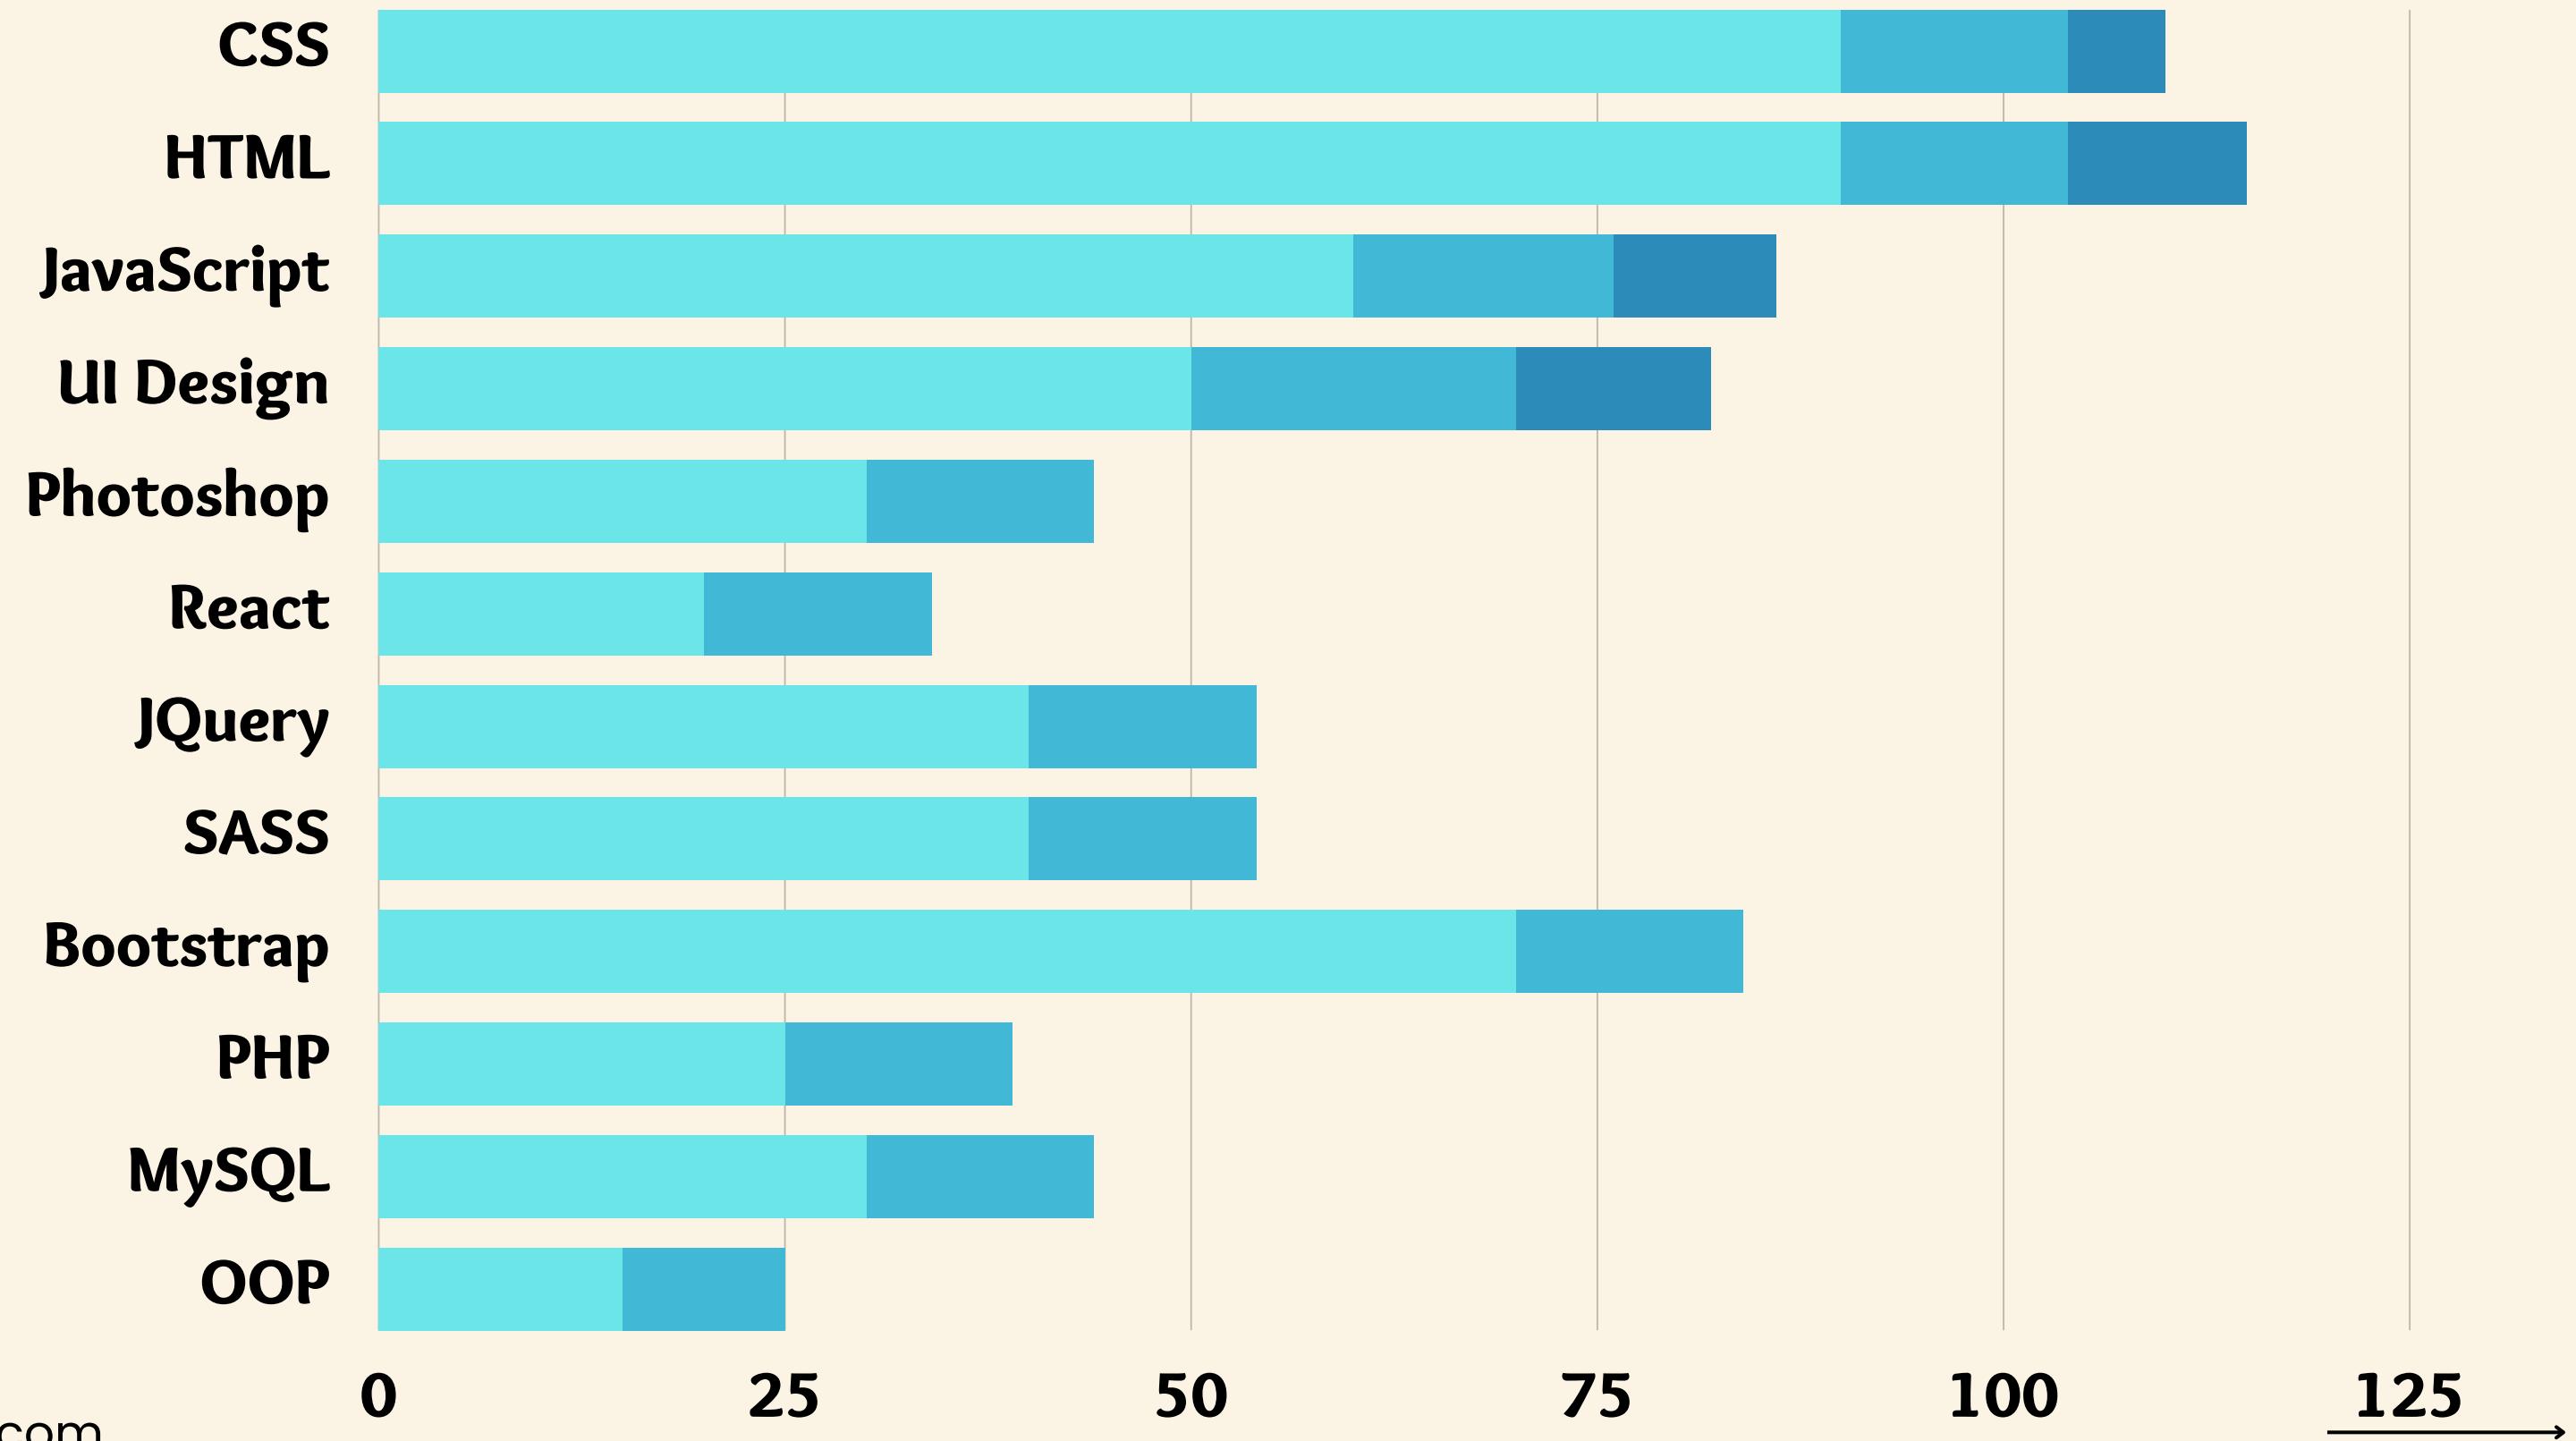

My layouts will work on any device, big or small.

DYNAMIC

Websites don't have to be static, I love making pages come to life.
